Universal Waite Tarot Deck

The most commonly used Universal Waite today

22 cards called the "Major Arcana" (or 21 trumps plus one joker)

56 cards referred to as the "minor arcana" (four-suited cards)

- for a total of 78 cards

There are overlapping figures, and the beginning of the Jester's journey on trump 0 ends on trump 22. There is no organic story between the cards, so each one tells a different story

Why We Picked It

We chose the Universal Waite Tarot cards as the overall backdrop because of their clear visual meaning, and because they are the most popular Modern cards to date.

How it differs from other cards

The clarity of visual meaning that characterizes the Universal Waite Card is a design feature, but we also want to change the Western-style illustrations that characterize the Universal Waite Card to an Eastern style.

22 Major Arcana cards

- Composed of elements that are present and characteristic of each corresponding person
- All 5 sections use 22 cards overlapping. The same card has different interpretations for different horoscopes
- 22 cards x 4 sections (fortune, love, employment, and year) = 88 interpretation solutions
- Solving method utilizes organized elements within the cards (3-4 interactions per section).
- Create your own advice card after completing all sections (3-4 objects x 4 = 16 free choices)
